Commenting on the Group's performance in its core markets of Hong Kong, Singapore and Malaysia, Mr Richard Eu (余义明), Group CEO, said, "We managed to improve the gross margins in our core markets. This improvement has helped us to counteract the effect of rising rental pressures."

2QFY2013 operating profit decreased 15% y-o-y to S\$6.6 million mainly due to higher operating expenses in Australia and higher rentals in the core markets.

2QFY2013 net profit returns to the black at S\$4.7 million from a loss of S\$2.7 million for 2QFY2012, which was a result of the S\$8.8 million impairment made in writing off the equity investment in Healthzone Limited (HZL).

(in million)	4Q2012 ended 30 Jun 12	1Q2013 ended 30 Sep 12	2Q2013 ended 31 Dec 12	1Q2013 vs 2Q2013 Comparison

Wholesale revenue increased 26% to S\$10.7 million driven by strong performances in Hong Kong and Australia.

Clinic revenue was maintained at a similar level to last year's second quarter.

Revenue by Geographical Locations

In geographical and local currency terms, Hong Kong grew 7% for the second quarter primarily due to improved wholesale performance. Singapore improved marginally by 1% while Malaysia declined 5%, largely due to the timing difference for the festive hamper sales.

Group's Retail Outlets and Clinics

As at 31 December 2012, the Group's total retail outlets stood at 298. In its core markets, there was no significant net change. During the quarter, the Group added another new retail outlet in China, while closing one in Malaysia, awaiting relocation. In Australia, the Group increased the number of company-owned stores whilst the number of franchisees declined as part of the Group's rationalization. Despite the net decrease of seven outlets, 2QFY2013 HLG sales were up 2% q-o-q to A\$6.7 million. Mr Eu added, "We can see the continual improvement in HLG's operational efficiency and are confident that it is on an upward trend towards profitability."

The Group opened a new Premier TCM Clinic in Singapore which focuses in pain management, offering patients an alternative in relieving their pain.

The Group will still continue to open new stores in all markets.
